

PROTEST PETITION OF PRELIMINARY FLOOD MAPS

During the 90-day Public Comment Period, a formal **Protest** can be made by a community or any other interested party who objects to any new or revised information shown on a preliminary Digital Flood Insurance Rate Map (DFIRM) panel and/or in the accompanying Flood Insurance Study (FIS) Report that **does not** involve Base Flood Elevations (BFEs); For submitting objections to BFEs, please see the Appeal Petition form. In general, a formal **Protest** involves comments regarding the floodplain or floodway delineation of the preliminary maps. The basis of formal protests is listed below along with the data needed to support it.

<i>Basis of Formal Protest</i>	<i>Required Data to Support Protest</i>	<i>Submitted by</i>
Floodplain boundaries Floodway boundaries	<ol style="list-style-type: none"> 1. Certified topographic maps or other certified ground elevation data of greater detail and/or more recent than those used for the preliminary FIRM panel in question 2. Requested changes annotated on the topographic mapping and preliminary FIRM panel 	Interested individual; Registered land surveyor; or GIS Specialist
Corporate limits Road names Road locations	Community maps in either digital or paper format showing the current information	Community Official; Interested individual; Registered land surveyor; or GIS Specialist

Note: Dispute of the Floodway Boundaries may require updated hydraulic modeling and should be submitted with proper documentation as an Appeal.

A Protest Petition and all supporting documents can only be submitted during the 90-day Public Comment Period and therefore must be received no later than 03/02/2011. Please mail this fully completed Protest Petition form and **three** (3) copies of all supporting documentation to::
