Hernando County assesses all residential units (single family and multi-family) annually for solid waste disposal. The Hernando County Interim Solid Waste Disposal Assessment Ordinance (#99-17) became effective on September 1, 1999. The ordinance establishes that the solid waste disposal assessment is due and payable for all new residential units for the interim between construction completion and placement of the assessment on the property tax bill. This ordinance affects all conventional houses, duplexes, triplexes, and quadruplexes for which construction permits, and mobile homes for which set-up/tie-down permits, are issued on or after September 1, 1999.

This invoice covers the prorated interim solid waste disposal assessment due on your home. The amount owed depends on when your home was completed, and when the assessment can be added to your tax bill, your interim assessment may be prorated for four (4) months= to 16 months=. The annual Solid Waste Disposal Assessment is \$63.05 for single family homes and \$57.55 for each unit of multi-family dwellings.

You may pay the interim assessment in person at the **Hernando County Utilities Department, 21030 Cortez Boulevard, Brooksville, Florida 34601 or 7429 Spring Hill Drive, Spring Hill, Florida 34606**, or mail your payment to: **Hernando County Utilities Department, P.O. Box 10899, Brooksville, Florida 34601**. Make checks payable to the **Hernando County Utilities Department**.

The Solid Waste Disposal Assessment is not to be confused with the fee that you pay a private solid waste company for collection of your household garbage. These companies charge only for the collection and hauling of household garbage. If you live in the mandatory area of Spring Hill, then garbage collection and curbside recycling is mandatory and you are required to contract with Waste Management of Pasco, Inc. Residents in other areas may elect to contract with a collection company (see \*\*franchised haulers below) or transport your household garbage to any of the three (3) county solid waste facilities. All residents may use the solid waste facilities, even if they contract for collection services. There is no charge at the facilities for residents who have paid the annual Solid Waste Disposal Assessment.

If you have any questions, please call the Utilities Department's Solid Waste & Recycling Division at 754-4112, extension 110, or 754-4112, extension 120.
