
Disaster Case Management

What is it?

Disaster Case Management is a **FREE** service where a skilled helper works with individuals or families affected by a disaster to create and achieve recovery goals.

How will it benefit me?

Disaster Case Managers ease the burden of recovery by guiding you through the complex recovery process. They will simplify the journey by creating clear, realistic plans and connecting clients to the resources they need to rebuild their lives.

Why should I opt in?

Disaster Case Managers are the driving force behind recovery, guiding individuals and families every step of the way. They connect clients to vital resources, coordinate services, and create tailored plans to rebuild lives and restore normalcy.
