OVERVIEW OF EXISTING MUNICIPAL SERVICE BENEFIT UNITS (MSBU)

Florida Statute Chapter 125.02 gives the Board of County Commissioners (BCC) the authority to create special taxing units within the unincorporated areas of Hernando County for the purpose of providing particular services for a specific geographic area. Florida Statute Chapter 177.3652 authorizes the uniform collection and levy of assessments to enable non-ad valorem assessments to be placed on the tax bills and collected in the same manner as ad valorem taxes. In Hernando County, such Municipal Service Benefit Units (MSBUs) have been created to provide street lighting, fire protection, solid waste disposal, road paving, fire hydrants and maintenance of common areas such as subdivision entrances and park areas. The BCC creates MSBUs according to the procedures outlined in BCC Policy #16-1.

Assessments are calculated based upon the total operating cost for the MBSU, including Hernando County's administrative costs, and are divided equally among all units of record. Assessments are levied and collected in the same manner as ad valorem taxes.

The following table is a summary of each of the existing MSBUs in Hernando County as of September 26, 2023.

OVERVIEW OF EXISTING MUNICIPAL SERVICE BENEFIT UNITS (MSBU)

Florida Statute Chapter 125.02 gives the Board of County Commissioners (BCC) the authority to create special taxing units within the unincorporated areas of Hernando County for the purpose of providing particular services in a specific geographic area. Florida Statute Chapter 197.3052 authorizes the uniform collection and levy of assessments to enable non-ad valorem assessments to be placed on the tax bills and collected in the same manner as ad valorem taxes. In Hernando County, such Municipal Service Benefit Units (MSBUs) have been created to provide street lighting, fire protection, solid waste disposal, road paving, fire hydrants and maintenance of common areas such as subdivision entrances and park areas. The BCC creates MSBUs according to the procedures outlined in BCC Policy #16-1.

Assessments are calculated based upon the total operating cost for the MSBU, including Hernando County's administrative costs, and are divided equally among all units of record. Assessments are revised and collected in the same manner as ad valorem taxes.
